

Happy Solar Marking

Codex Reference: GV-FRT-Δ37

Classification: Ritual Phrase / Inverse Greeting

Definition:

Within the Guild, *Happy Solar Marking* is the customary phrase used to honor a Fretwalker's birth cycle. Unlike the lost-world term *birthday*, the Solar Marking acknowledges the resonance of time, frequency, and the traveler's alignment with the Echo Cycle.

Usage:

Spoken or transmitted to celebrate the renewal of a Fretwalker's harmonic flame. Often accompanied by tonal bursts, glyph markings, or short riffs played on one's instrument as a sign of respect.

Inverse Form:

"Happy Solar Marking" — the Guild's sanctioned phrase for birth recognition.
